Wilson Refuses Hun Invitation

24-INCH GUNS WILL GUARD U. S. COAST FROM ENEMY

WASHINGTON, Dec. 10.—Ordnance development during the war has brought cannon makers to the point where the 24-inch rifle is easily practicable, Major General F. W. Coe, chief of coast artillery said today in his annual report. The nominal range of a gun of this size would be forty miles, the report says, but "longer ranges for special types are possible if desired."

The limit has not yet been approached in size of tractor drawn artillery, declares General Coe, intimating that a successor to the German "Big Bertha" is to be expected.

"In the case of harbor defenses," the report declares, "the existing armament lacks in power when judged by latest standards. In order to provide for the unhampered movements of our own fleets in leaving important harbors it will undoubtedly be necessary in many cases to supplement the existing defenses with the highest power largest caliber guns, placed as far to the front as possible. Recourse will consequently be had to fix emplacements."

PRE-WAR SERVICE WILL BE PUT IN FORCE BY ALL RAILROADS

WASHINGTON, Dec. 10—Restoration of normal passenger service has now been undertaken by the railroad administration, said Director McAdoo today in a statement addressed to the American people withdrawing his plea made last January for curtailment of passenger travel for the war emergency.

A number of trains, he announced will be added to existing schedules within the next few weeks.

"The war now being practically over," said the statement, "it will be the policy of the railroad administration during the remaining period of federal control to give to the public the best service of which the railroads are capable. As rapidly as possible service will be improved, although trains which we run under private control merely for competitive reasons will not be restored. Such service was unnecessary.

"Plans have already been made for service to California, Florida and the Southern states during the coming winter. The public may be assured that the railroad administration will do everything possible to meet the needs of the traveling public."

Manager Mose Mosh of the Richmond San Rafael ferry, is back at his post of duty again after several days' confinement to his room with an attack of rheumatism.

WALKER IS HELD BLAMELESS FOR POLICE SCANDAL BY COUNCIL

Ominous whisperings are heard about town today in reference to the action taken by the council last night, or rather lack of action, in the matter of the police inveatigation. The charges of the Merchants' Association filed with the council with the request that an investigation be made of conditions in the police department of the city are said to be without foundation and once more the council accepts the responsibility of maintaining this department of the city government in all its incompetency.

Various plans are being suggested for the people to take matters into their own hands with a view of purifying that arm of the public service, but up to the present time no definite line of action has been determined upon so far as can be learned. There is an election next spring in April at which time it is probable a general housecleaning will be engaged in by the voters of the city.

In thanking the council last night for their action in whitewashing him, Walker stated that he had sent out circulars all over the country for the apprehension of his man May who absconded from town leaving his bondsmen to foot the bill—which, by the way, they will not pay, for the reason that May filed a defective bond. He also stated that ninety per cent of the people of the city are "with him" which is not true by a long shot, but quite the contrary. That, however, is another story which will be unfolded within the period of the next few weeks.

SUGAR BAN IS OFF IN CALIFORNIA SAYS MERRITT

In line with its policy of terminating those divisions which have been made unnecessary by the changes in the food program, the United States food administration for California today announced the immediate abolishment of the sugar and bakery divisions. This involves a considerable reduction in the clerical force.

All other food administration divisions and agencies working for the welfare and protection of the public and the regulation of various food industries and practices will remain intact until the formal declaration of peace. These include principally the divisions of enforcement, dairy products, tariff, food industries, price interpretation, education and the organizations of county food administrators and women directors.

As a measure of economy, any of these divisions which may later be found unnecessary or where consolidation can be effected, will be abolished.

From the period of May 20 to December 1 last, the sugar division, rationed out 111,000,000 pounds, largely with volunteer help in the distribution to commercial users and domestic consumers approximately 6 percent was saved over the state's allotment, which represented between half and two-thirds of the normal consumption.

The energies of the food administration henceforth will be devoted to conservation and continuation of enforcement of the rigid regulations governing speculating and unreasonable profits, Food Commissioner Ralph Merritt said.

EX-KAISER ATTEMPTS TO KILL HIMSELF

LONDON, Dec. 10.—William Hohenzollern, the former German emperor, has attempted to commit suicide, following mental depression, according to the Leipsic Tageblatt, which is quoted in a Copenhagen dispatch to the Exchange Telegraph Company.

A member of the former emperor's retinue, who prevented Herr Hohenzollern from carrying out his intention, received a wound it is said.

IN TERROR FROM REBELS

LONDON, Dec. 10.—Berlin, Hamburg and Munich were the center of counter-revolutionary agitations in Germany today. Turmoil prevails in the capital, where it is stated in an Exchange Telegraph dispatch from Copenhagen a general command has been established which is refusing to recognize the soldiers and workmen's council.

Agitators attempted a coup at Hamburg, but it apparently ended in failure. A number of arrests have been made there.

The reign of terror created by the German Bolsheviki in Bavaria is spreading, the Amsterdam correspondent of the Exchange Telegraph reports.

The radicals in an attempt to control Munich are breaking up democratic meetings and have announced press censorship.

PROPOSED VISIT TO GERMAN CAPITAL IS TURNED DOWN BY PRESIDENT IN CURT MESSAGE

PARIS, Dec. 10.—According to a wireless dispatch from the U. S. S. George Washington, says Marcel Hutin in the Echo de Paris, President Wilson has been informed that Premier Ebert and Foreign Secretary Haase of the Berlin government and Premier Eisner of Bavaria were about to make an effort to get him to visit Germany. The President is quoted as having made this reply:

"Only by long years of repentance can Germany atone for her crimes and show sincerity. No true American could think of visiting Germany unless forced to do so by strictly official obligations.

"That is to say, I decline in advance to consider any suggestion of the kind."

HEALTH CONDITIONS IN CITY REPORTED ON BY HEALTH OFFICE

According to Dr. Blake's health report for the month of November filed with the city council last night, there were forty-nine deaths during that period in this city. Of these thirty-nine were males and ten females.

Under the head of "causes of death," the health officer states that there were thirty-seven fatal cases of influenza and of these, twenty-two were residents of the city and fifteen were non-residents. Two died from tuberculosis, two from general diseases, three from accidental causes, one kidney disease, one accidental, one apoplexy and one from encephalitis. During November there were three coroner's cases and for the same period there were fifty-four death certificates filed, but some of these, presumably were hold-overs from the previous month.

Dr. Blake in speaking of the health of the community says that there were 236 cases of Spanish influenza reported, six of whooping cough and two of mumps and one of smallpox. No houses were quarantined, but four were fumigated, one for smallpox and three for influenza.

GERMANS RESPONSIBLE FOR WAR

LONDON, Dec. 10.—"We must have no Alsace-Lorraine in our peace for the simple reason that if we shall meet the fate of Germany fifty years afterward," said Premier Lloyd George in a campaign address to women voters in Albert Hall.

The premier demanded "a justly stern" peace and spoke in favor of a league of nations, "not that it will prevent war but will make war difficult."

The prime minister said:

"Those who are responsible for this war must be held responsible. The higher, the more exalted they are, the more necessary that they should be made to suffer. But the German people who sanctioned the war, who went to war full of enthusiasm and who would now be acclaiming victory if they had won it, must also be held responsible. This is necessary not for vengeance, but in order to make war difficult in the future. You must also see that these gigantic armies which have been the means of provoking war shall not be permitted in the future."

GOVERNMENT FILLING LOCAL DOCK WITH COMMISSARY SUPPLIES

From present appearances the United States government will fill the municipal dock with commissary supplies. Thousands of tons of all sorts of goods are being piled up in the building and it is coming in at the rate of from eight to ten carloads each day, creating a scene of activity there calculated to make the taxpayers feel that after all this splendid structure is not the "dead horse" they have feared it to be all along.

It has been stated that the city will receive $2,500 per month for the use of the building from the government and while this is not anything like the earning capacity of the wharf if it could be utilized for maritime traffic, still a half loaf is better than no bread at all. It is understood the contract is but temporary with the government, and can be terminated at any time by the proper notice from either party.

In addition to the harbormaster and business agent of the wharf staff, there are several watchmen and a stenographer.

ROUTINE MATTERS HANDLED BY THE CITY COUNCIL LAST NIGHT

The mayor will issue a proclamation urging the people of this city to respond to the Christmas roll call of the Red Cross, which is to be inaugurated between Christmas and New Years. This is a drive for membership to the local chapter and should be responded to by everybody, men, women and children.

Final arrangements were made with J. J. Davis for the purchase of his property at Fourteenth Street and Chanslor Avenue on the Oakland branch of the Santa Fe railroad. The sum to be paid for the property as previously announced by the Record-Herald is $6,300, and the amount to be paid down is $1,300 and the remainder in two years at 6 per cent interest on deferred payments.

The auditor's report filed with the council shows the following funds on hand:

General, $109,327; library $945,-165; compensation insurance, $44,-600.05; harbor, $12,277.92; tunnel and highway, $5,627.92.

Chief of Police Walker reports 13 arrests and $393 collected in fines in the police court.

Health Officer Blake reports, 27 birth, 49 deaths.

Fire Chief Lemoin reports, eight alarms answered with a loss of $10.

John W. Oliver a hoseman who has secured his release from the navy was reinstated into the fire department as hoseman.

The matter of the purchase of a portion of a lot adjoining Firehouse No 4 at Pullman and which would be used as a hose tower was considered and referred to the finance committee.

The city engineer was requested to have the S. P. move back their property fence paralleling the car line at Pullman near the Cutting Boulevard as the space between is too small for safe alighting from cars.

Acting on a protest, Chief Walker will see that the relief men on the Albany jitneys are properly possessed with bonds and license.

The application of S. N. Elliot, junk dealer, was referred to the chief of police.

The transfer of saloon license to B. Odesio was granted.

The matter of arc light at Standard Avenue R. R. crossing was laid over a week.

The furniture for Judge Odell's office was laid over a week.

OFFICERS CHOSEN BY REDMEN AT LAST MEETING

At the last meeting of Cuetah Tribe of Redmen, the following officers were elected for the ensuing term: Ed Engles, Sachem; L. J. Pinder, Senior Sagamore; Emile Esola, Junior Sagamore; Ernest O'Brien, Prophet; Otto Henry, Guard of the Wigwam and W. Campbell, Guard of the Forest.

The tribe is in a good healthy prosperous condition, 352 members strong and hopes to have its membership up to the 600 mark during the coming year.

Big preparations are being made for the welcoming home of the 92 boys the local lodge sent "over there."

Other matters of vast importance are now in committee hand and will be acted upon shortly.

GIANT LINERS ARE BRINGING HOME YANKS FROM FRANCE

NEW YORK, Dec. 10.—Bringing 2450 American soldiers, the British transport Empress of Britain arrived here today after a stormy passage across the Atlantic.

NEW YORK, Dec. 10.—The troop ship Kroonland from Brest, France with sixty-three officers, and 1180 men including 704 sick and wounded aboard, reported by wireless that she would arrive about 4 o'clock this afternoon. Other ships coming are:

The Mercy from Bordeaux with 398 wounded soldiers.

The Tenadores, from Verdon, with 882 soldiers — medical cases not requiring special attention.

The Susquehanna, from St. Nazaire, with four officers and 757 men.

The Ascanius from Liverpool with fourteen officers and 1427 men.

The Empress of Britain from Liverpool with seventy-five officers and 2339 men.

The Siamese Prince from Liverpool, with 398 men, — surgical cases.

The 401 wounded men who arrived on the hospital ship Comfort yesterday will be taken to St. Mary's hospital in Hoboken today.

JINX NIGHT OF LEAGUERS WILL BE NO HOODOO

The Epworth League of the First Methodist Episcopal church at the Point will give their thirteen cent social jinx on Friday evening December 13th. If there is a hoodoo in the numeral thirteen the leaguers are going to find out all about it, for everything will be in keeping with the idea of this number, except in the matter of attendance, which will be all the house will hold.

There are to be thirteen numbers on the program and thirteen young men and young women will participate to entertain the crowd. Many of the readings will have thirteen stanzas, as will the songs. Wherever thirteen can be worked in at all it will be in evidence in the entire entertainment, according to those in charge of the event.

BAD STREET CAR SERVICE HERE IS ALLEGED

Councilman Jim Long is leading a fight in the city council for better street car service in this city. Particularly does he object to packing men in the cars at night from the Standard Oil refinery to double their capacity and will call upon the railroad commission for relief.

It is claimed by the street car company that it is doing all in its power to give the people a good service and points to its purchase recently of ten new cars from Spokane as an evidence of its diligence in this regard. According to Councilman Long at least two of these cars should be brought to Richmond and placed on the run to the Standard Oil plant between five and six o'clock in the evening and in the morning to carry the men to work. It was stated that cars designed to carry forty or fifty people were loaded with a hundred and ten or more.

Councilman Ogburn suggested that the establishment of a jitney line to relieve the situation might be the surest way out of the dilemma. It is understood the council is seriously considering some such a proposition to handle the traffic during the rush hours.

JAMES MADISON MARTIN IS CALLED BY DEATH

James Madison Martin a resident of Kelseyville and a native of Virginia, died at the home of his son A. J. Martin, 613 Chanslor Avenue last night. He was 73 years of age and had been here but a month, having come here from his home on a visit to his son.

Funeral services will be held from the undertaking parlors of Bert Cury Thursday morning and the body shipped to Kelseyville for interment.

FREE SEAS IS PROBLEM SAYS BRITISH

LONDON, Dec. 10.—One of the gravest problems at the peace conference will be based on what is meant by "freedom of the seas" and what concession Great Britain is going to make in that direction, said Sir Frederick M. Smith attorney general, in a speech at Liverpool yesterday. He added that he was engaged in preparing a memorandum on the subject for the war cabinet.

"America has rendered brilliant service in the cause of civilization" Sir Frederick said, "and Great Britain is bound to approach the conference with a determination to concede everything possible to American sentiment and American views having regard for national security and existence of the empire.

"Americans must remember that the seas are free to every one in peace time, and to none has that freedom been denied. In time of war, however, one might as well talk of the freedom of the land as the freedom of the seas.

"I am not sure that Great Britain will not have to say to the Allies at the peace conference: 'We shall be quite satisfied with such a definition of freedom of the seas as will enable the British navy in the unfortunate event of future wars to do exactly what the British navy, aided by the American navy, has been doing for the last eighteen months.'"

LET'S KEEP OUR LEGS

THE American nation is now at the full stature of its strength and dignity. It is secure as it has not been secure in years. Its troubles have been met, solved, or dissolved. Mexico is comparatively quiescent, orderly in its advances towards the United States, and as nearly self-controlled as we may expect it to be for a year or two.

Japan has subsided as an active interventionist in American domestic affairs, and the prospect is that it will be some time before a note of warning — such as Baron Chinda sounded in 1916 —will be heard from across the Pacific.

Germany has been licked and eliminated from the possible menaces of the United States for the time being. The three points of danger which existed in 1916, when we were weak, have been eliminated from 1918 when we are strong.

Such being the beneficial results of developing national strength, why not continue in enjoyment of the benefits by continuing in maintenance of the strength?

We were defied and outraged by Mexico because Mexico thought us weaker than actually we were. We were provoked, bullied, and ordered about by Japan, because Japan knew that her developed military strength was greater than ours. We were insulted, threatened and despised by Germany because Germany regarded us as negligible.

Mexico has been reduced to a semblance of respect for American lives and property. Germany has been licked. Japan is silent. Why? Because America is on strong legs instead of wabbly ones. Why not keep the strong legs? Why return to the wabbly condition and invite the menaces of nations which will do unto others as they think they are able to do?

We have an army, its men, its equipment, its training camps and instructors, its system of organization and being. Why not keep it, under conditions which respect civilian rights but develop civilian responsibility and ability? Why not establish universal service and keep what we have earned by vast expenditures of money and considerable expenditure of life?

Let's stay strong and self-respecting, and dignified, and powerful. Let's maintain schools of national citizenship and drill the young man in ways of order and discipline and responsibility, and keep the nation dignified, sound, and secure.

The boys are coming home at the rate of about a hundred thousand each week and a large number of them will be here for Christmas. But there are many of them who will not be privileged to eat Christmas dinner with the folks at home and these will be cared for by the United War Workers and the Red Cross. This is not as good as home, of course, but it is better than conditions have been over on the other side for the past four years or more.

The Turks are still at their old game of massacreing the Armenians. This has been their favorite outdoor sport for so long that they cannot stop. It is about time for the Allied nations to take the Turks in hand to teach them that they must cease the slaughter of helpless women and children and the sooner this is brought about the better.

WRITING OUR HISTORY

History will be magnificent to America. Men will be born and write their page and pass on; but no page like the one that was made in this twelve month. Wherefore let us pluck the passing historian by the sleeve and pray him let our page show the wells of our hearts overflowing in respect and devout admiration for our brethern of the conflict.

Truly there is a bond between men who in the shadow of death look with sovereign contempt upon a price for peace. Men who fight thus are not afraid of each other's justice. They are the state.

Words are frail coinage of the soul. And so the compassion we feel for Belgium finds inadequate voice. None but true people could have endured as they under the pitiless malevolence of them that served false gods.

What shall we say to the French? Shall we not lay aside our own rejoicings for a moment in tribute to men who, taken pitifully unawares, stood in a mass of human flesh and took the murderous Prussian hail, bulwarking France with their dead bodies?

Who will think of England and not of the "first hundred thousand," symbol of Britain that calmly laid aside the pursuits of peace and were swallowed up in the inferno that burst overnight? First hundred thousand—well said! And how many hundreds of English thousands followed them, how many of their women scarred and yellowed in acid factories — courage!

Valiant Italy's sons who to death along the Piave that their graves might mark how they stemmed the tide; and a toast to them of Bohemia that had only hope to defend, but gladly gave their blood in strange places led only by the light of human understanding.

They say that Bill Hohenzollern is seriously sick from worry. Well, he has good cause for worry. Great Britain, France, and Belgium, to say nothing of Serbia and the United States are all clamoring for his scalp and if he manages to escape with his life he will be a lucky person, considerindg the crimes he has committed, any one of which would because for his execution in any civilized country on the face of the earth.

The war is over, but the aeroplane accidents are still taking place with unpleasant regularity. Which reminds us that airships have not yet reached that state of perfection that prompts one to take his wife and children out for a Sunday spin in one of them. But a few years ago automobiles were considered a deadly contrivance and not by any means foolproof. Now everybody drives them and it will be so with the aeroplane.

The ex-German crown prince declares that he is as bright as any one, which is to be doubted. Anybody with sound sense would never be found in his present dilemma. At the present time he is branded as one of the arch criminals of the world and stands a good chance of spending the remainder of his life in prison, if he is not hung or shot.

The people of Richmond have organized a Welcoming Home Committee, which is the right idea. The welcome which we should accord the boys who have been fighting our battles in France should be something more than a perfunctory handshake. Let us meet them with bands of music—the more the better and make their home coming a day long to be remembered with pleasure.

AMERICANIZING FACTORIES

A reason for Americanization as carried on in factories and shops is that it not only makes the employees better citizens and more efficient workmen but protects them against accident. The department of labor has published an analysis of the experience of a large steel plant during eight years. For each 10,000 American born workmen in eight years, 21 were killed and for each 10,000 non-English speaking foreign born, 26. The figures for permanently disabled 28 and 65, respectively, show greater discrepancy, and those for the temporarily disabled, 858 and 2,035, one greater still. Moreover, while from year to year the frequency of accidents among English speakers decreased, it was much less affected among non-English speakers, and the average severity of the temporary disabilities was greater among the latter.

Ruminations of the Pinole Times editor: After all it's the little things that count in this world. A cootie may change the destinies of a nation. Just let one of these little trench entertainers jazz up and down a peace envoy's spine for a little while and it's dollars to doughnuts the irritable envoy will forget there ever was a kaiser, rush from the peace conference and go after Mr. Cootie with blood in his eye.

Dr. Blake declares there is no cause to be alarmed over influenza conditions in this city, but just the same the doctor is keeping his weather eye open to see that it does not gain another foothold here.

MANY INTERESTING FEATURES APPEAR AT OAKLAND ORPHEUM

Walter C. Kelly, in "The Virginia Judge" makes pictures with words, and Gordon Wilde, shadowgraphist, does it with two hands and a spotlight, both made their pictures excruciatingly funny, too, at the Orhpeum this week. Then comes "Petticoats," with Grace Dunbar Nile, pictures of another kind, in fact a frothy, creamy, joy-giving sort of etching that develops into a motion picture with laughs for a frame. Helen Trix and her sister, Josephine make pictures, too —tone pictures with words, in which their songs make one see things, and things one likes, too. Its altogether a picturesque bill, this week at the Orpheum, with laughs predominating, for the Orpheum believes that people like to laugh.

Walter C. Kelly the "Virginia Judge" is known wherever the English language is spoken, all because of the way he speaks it. His acting of a Southern police court, with its queer characters, all broadly comical, has taken him around the world twice, and this is his third international appearance. Rather good for a comedian single handed, with nothing but jokes to deceive one. Helen Trix writes her own songs and her sister helps her sing them. They are charming and original. Merian offers "A Wedding Day in Dogland" in which a troupe of canine pantomimists present a funny play, as skillfully and perhaps more so than human actors could. Gordon Wilde, Mrs. Wilde, and their daughter Connie, who has grown up since she last visited Oakland, offer their inimitable shadowgraphs and Connie is a charming little dancer, besides. Harry Laughlin and Clara West offer "The Cafe Lonesome" a humorous bit with some clever lines and two very clever principals. Peno, the bicycle comedian, leaves his audience in uproars of laughter. This too, is an internationally-known act. A Pathe and a Red Cross weekly are other features.

TAKES ADLER-I-KA !

"I had serious bowel and liver trouble. Lost 50 pounds and could eat only liquid food. Began taking Adler-i-ka and now weigh more than ever. Eat and sleep splendidly." (Signed) George LaFond, Little Falls, Minn.

One dose Adler-i-ka relieves sour stomach, gas and constipation INSTANTLY. Removes ALL foul matter which poisons system. Often CURES constipation. Prevents appendicitis. We have sold Adler-i-ka many years. It is a mixture of buckthorn, cascara, glycerine and nine other simple drugs. Chas. Niedecker, druggist at Point Richmond.

"GIRL OF TODAY" NEW FEATURE AT LOCAL THEATRE

When Leslie Selden received a note from her sweetheart saying he had run away because he dared not face the draft, she did not believe he wrote the note of his own free will. Among her admirers was a man she suspected of being a German agent and also of knowing what had become of her brother. Almost singlehanded she uncovered a vast bomb plot which would have wrecked the country's greatest city and carried the proof to this man's door. He was slain trying to escape and just in time she saved her sweetheart, a prisoner in the house. He, too, had suspected the spy, and when he accused him was made a prisoner and the forged note sent to the girl.

This romance, by Robert W. Chambers, is vividly portrayed in "The Girl of Today," the Vitagraph Blue Ribbon Feature, which will be seen in the Richmond Theatre today. Corinne Griffith is the heroine and in the supporting cast are Marc MacDermott, Charles A. Stevenson, Webster Campbell and Ida Darling.

FEATURES TO BE CHANGED DAILY AT T. & D.

Manager Guy Reardon, of the local T. & D. theatre announces that from this time henceforth his show house will change the film program each day and that this applies to each and every attraction. Richmond, he says, has become such an important show town that he finds the people here are entitled to as good as can be obtained anywhere.

The features brought here are to continue their old time excellence, according to Manager Reardon, and he will supply his patrons with the best attraction to be afforded by the film producers throughout the United States.

DONT SLOW UP Advertising Now!

Never has there been a time when the public has looked more keenly for MERCHANDISING NEWS than now.

Never has there been a time more auspicious for the enterprising tradesman to secure HIS FULL SHARE OF TRADE than now.

People must continue to eat, to wear and to use.

The tendency is to cut out luxuries, and luxuries are only a relatively small proportion of your business. For every luxury cut out you have a chance to increase your movement of staples.

How short-sighted is the policy of reducing advertising expense to "save money." You will only lose trade. You will only lose prestige.

Advertise to increase sales and make more money; don't cut it out to save money.

Study your advertising as you never did before —do it wisely and well.

Be prosperous and let the people know that you are prosperous.

Success was NEVER achieved by stopping advertising or by wearing old clothes and talking pessimism.

The RECORD-HERALD is more widely read than any newspaper in Richmond and offers the best advantages to the advertising public.

FROM COAST TO COAST

A Remarkable Chain of Home Testimony. And Richmond Adds Its Voice to the Grand Chorus of Local Praise

From north to south, from east to west;
In every city, every community,
In every state in the Union.
Rings out the grateful praise for Doan's Kidney Pills.
500,000 representative people in every walk of life.
Publicly testify to quick relief and lasting results.
And it's all for the benefit of fellow sufferers.
In this grand chorus of local praise Richmond is well represented.
Well-known Richmond people.
Tell of personal experiences.
Who can ask for better proof of merit?

Mrs. M. B. Down, 443 Tenth Street says: "Several years ago I used Doan's Kidney Pills for lame back and other symptoms of kidney trouble. They helped me in every way. I recommended Doan's Kidney Pills to others who may be suffering from kidney complaint."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mrs. Down had. Foster Milburn Co., Mfgrs., Buffalo, N. Y.

FRIENDS SEARCH FOR RELATIVES OF DEAD MAN

George Shepherd a nitrater at the Hercules powder plant at that place died yesterday at a local hospital. He was aged about 42 years, but nothing has been ascertained regarding his place of birth or family connections.

The body is at Smallwood's undertaking parlors and efforts are being made by the man's friends to locate his family. It is known that he is a member of an eastern lodge and telegrams have been sent there with the object in view of thus locating his relatives. The body will be held at the local parlors until some definite word is received from his former home.

Correct Lubrication for the Ford Engine

The Ford automobile engine, illustrated here, like all internal combustion engines requires an oil that burns at its full lubricating value at cylinder heat but not in the combustion chamber and goes out with the exhaust. ZEROLENE LIGHT fulfills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

"Zerolene is the Best"

—Say leading motor car distributors, because the records of their service departments show that ZEROLENE, correctly refined from selected California asphalt-base crude, gives perfect lubrication with less wear and less carbon deposit. Most cars are *now* lubricated with ZEROLENE because their owners have learned through experience that there is no better oil.

Zerolene is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.

RETURNED HOME FROM VISIT TO THEIR RANCH

Mrs. Katherine Smith and her daughter, Helen, have returned home from a two weeks' visit to their farm which is located near Visalia. They made the trip by auto and report having had a delightful time.

MISS JANE RYAN IS VICTIM OF INFLUENZA

Friends of First Officer Raymond H. Clark, of the ferry steamer Charles Van Damme and his wife, will remember Mrs. Clark's sister, Miss Jane Ryan who frequently visited them when they resided in this city on Barrett Avenue. Miss Ryan died in San Rafael Saturday from pneumonia, following an attack of influenza.

She was the daughter of the late Martin and Catherine Ryan and was a native of San Rafael. The funeral was held today at St. Raphael's church, where a requiem mass was celebrated at 9:00 a. m. The interment was private in the San Rafael cemetery.
